Tomorrow's Key Systems, Today

TIGRIS® MECHANICAL KEYS

Access2 presents a comprehensive lineup of cylinder locks, spanning from standard open profile to patented key systems with master-keyed cylinder options. We deliver the ease and familiarity of mechanical locking installation and operation, seamlessly blending it with the security of a key-controlled, managed environment.

VIEW THE FULL RANGE

MECHATRONIC KEYS

The Tokoz ePRO mechatronic cylinder seamlessly merges the security and dependability of mechanical cylinder locks with the versatility and control of electronic systems. Combining flexibility with intelligence, ePRO enhances system capabilities without compromising on security

DISCOVER THE PRO'S

DIGITAL KEYS

Explore Dormakaba's advanced electronic access control systems, utilizing sophisticated RFID and BLE technology in sleek, modern designs. These high-performance systems offer secure, flexible access control, enhancing user experience across various applications.

BROWSE ACCESS CONTROL

VIRTUAL KEYS

Experience the pinnacle of modern technology and convenience with tedee – virtual keys living on your smartphone, smartwatch, or PC, providing effortless access anywhere. A keyless alternative perfect for short-stay accommodations, offices, smart homes, or any space where convenience is paramount.
